

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The City Council yesterday refused to confirm the Mayor's appointment of I. E. Story as head of the Bureau of Fire Alarm and Police Telegraph without investigating his qualifications. Councilman Reed attacked the efficiency of some of the Mayor's appointees.

The City Engineer yesterday reported favorably on the plan to place a passenger elevator at the south portal of the Broadway tunnel, and he estimates the cost at \$125,000.

The City Council yesterday adopted a resolution demanding of the old Aqueduct Investigating Board an accounting of the money in which it has spent from \$3000 to \$5000 city money.

A protest containing approximately 4000 signatures was filed in the City Clerk's office yesterday against abolishing free lunches in saloons.

A peculiar case came to a happy conclusion in the Superior court yesterday when the defendant, a young woman to her brother—under threats, she asserted—was ordered to stand aside, and the husband's faith in her, despite her brother's suspicions, was shown.

At the City Hall.

COUNCIL CHECKS MAYOR'S WISH.

WILL INVESTIGATE ABILITY OF HIS APPOINTEES.

Refusal to Induce Placing of Story at Head of Bureau of Fire Alarm and Police Telegraph, and Councilman Reed Gives His Honor Sharp Dig.

Mayor Alexander's unlucky star may have been in the ascendency yesterday, for the Council refused to confirm his appointment of I. E. Story as head of the newly-created Bureau of Fire Alarm and Police Telegraph.

When the message of the Mayor, announcing the appointment of Story and asking for the Council's approval, was read, there was immediate protest. Councilman Betkouski said the Council had been cutting about for a year to find a suitable man for this position; that the place of particular importance, as the appointee is expected to superintend the installation of a general alarm system for the city and the salary is such as should secure a man of the best attainments. He believed that the appointment should be made on the basis of the appointee's qualifications. Councilman Reed, who heretofore has been considered the Mayor's right hand man, supported Betkouski's position, saying that the appointee's qualifications should be investigated, and stating that he understands Story is not familiar with low voltage work, whereas the salary paid is such as to command a man of wide experience.

"This man doesn't know anything about fire alarms and low voltage work. I am informed," said Reed. "Every once in a while the Mayor makes appointments of men who are both efficient and honest, but very often he makes appointments of men who are not efficient for the positions, and this is a case where I believe we should investigate before giving our approval."

The subject was referred to the Welfare Committee. It is understood that certain members of the Council preferred the appointment of Paul Oak, an architect who has been in the City Electrician's office at San Francisco, and who visited this city several weeks ago to look into the situation. The Mayor stated before he had announced Story's appointment that he considered the man would make an amply qualified and the best equipped of any whose names had been presented.

IT'S FEASIBLE.

TUNNEL ELEVATOR PLAN. City Engineer Hamilton yesterday presented to the City Council a report on the proposed passenger elevator at the south entrance to the Broadway tunnel. He said that the project is feasible from an engineering point of view, but advised that a stairway be maintained in complete use so as to give service at any time the elevator was out of repair.

His estimate on the cost of a necessary stairway, and his attention to the building of a waiting station for passengers at the tunnel portal, provided that the cost of the objection of property owners. His estimate on the elevator is \$1000 for labor and \$1000 for the elevator itself, making a total of \$1000, and \$150 per month for maintenance and operation. The subject was referred to the Streets and Boulevards Committee.

Must Report, Says Council.

Recently the City Council demanded of the old committee appointed by the Council for aqueduct investigation that it make a report on what it had accomplished and show how the \$1000 or \$1000 it has used has been expended. This was followed by a reply by the newly-organized Aqueduct Investigating Board refusing to have much report made until it has completed its work, and by a personal communication from C. E. Warner, a member of the old board and president of the new, in which he practically took the same stand. Yesterday the various communications were read to the Council, and Councilman Leuk introduced a resolution signed by himself and Councilmen Whiffen, Betkouski, McKenzie, Andrews, Topham and Langdon, demanding that the three old members make the required report at once, in as much as they were appointed to their places by the Council and should make an accounting to it of the \$1000 or more they have expended. Only Councilman Reed objected to this resolution, he alleging that this resolution was introduced only to hamper the work of the new board. This was hotly repudiated by the other members.

Calls Forth Protest.

Avenue Eighteen, between Alhambra and Baranca streets, claimed the attention of the City Council again yesterday and called forth lively debate. This is the street that was closed for months during improvement and that is in bad condition already, owing to the use of dynamite rock for its base instead of granite. The property owners protested, but it was shown that the contractor had done the work according to the instruction of the City Engineer, who allowed a change from

the specifications. After various Councilmen had taken the opportunity to lambast the City Engineer's office, it was finally voted to deny the appeal, but to instruct the Board of Public Works to keep the street in repair and to notify the City Engineer that hereafter he should make no deviations from the specifications adopted for any piece of street improvement.

Free Lunch—Is Friends.

There was filed in the City Clerk's office yesterday a petition of 173 pages of signatures and containing approximately 4000 names, asking that the Council refrain from amending the liquor ordinance so as to prohibit free lunches in saloons. The petition urges that Los Angeles is among the best conducted, and that the Council should let well enough alone; that the eating of a lunch with the drinking of liquor is beneficial to the many and an inconvenience to patrons.

Big Widening Project.

The project of widening Marmon Way from Avenue 17 to Avenue 40 by the Board of Public Works was discussed yesterday. This is a project of considerable magnitude, and Councilman McKenzie is deeply interested. It is proposed to open a section of this street from a point 100 feet south of Avenue 30 to a point opposite Woodbine avenue, and to widen the balance of the street twenty feet, creating one of the handsomest residence streets in the Highland Park district.

City May Do It.

The City Attorney has advised the Board of Public Works that the most practicable way to solve the problem of giving relief to Martin C. Marsh, who has the contract for street sprinkling and who says he is losing \$100 per month on the contract, is for the board itself to take over the work, under its street department, and to charge to Marsh the difference between the cost of operating the work and that which it agreed to pay him for the work which is \$100 per month. Meanwhile a schedule of all property used by Marsh on the work is to be made by Inspector Hansen and after this is valued, the board will consider Marsh's offer of it to the city provided, he is to be paid \$100 per month until his contract expires.

Bureau of Information.

Councilman Topham stated to the Council yesterday that he is working with the Board of Public Works on the creation of a Bureau of Information. It is proposed to appoint a well-qualified man to this position, station him at a counter in the corridor of the City Hall, and have him give general information to persons entering the hall, about location of offices, etc. He will also serve as City Hall watchman on Saturday afternoons, Sundays and holidays.

Street Parking Turned Down.

Councilman Betkouski led an attack yesterday on the recommendation of the City Engineer and Board of Public Works for the repaving of Second street, from Main to Los Angeles street, and for the widening of the street from First to Second streets. Betkouski protested against this work being done by the city, and he was enough Council members to his way of thinking to defeat the adoption of the recommendation.

Amends Building Ordinance.

Notwithstanding the fact that a special ordinance is now in progress of revising the building ordinances of the city, the City Council took a turn at amending the ordinance. It is understood that certain members of the Council preferred the appointment of Paul Oak, an architect who has been in the City Electrician's office at San Francisco, and who visited this city several weeks ago to look into the situation. The Mayor stated before he had announced Story's appointment that he considered the man would make an amply qualified and the best equipped of any whose names had been presented.

Invokes "Move-On" Law.

The City Council yesterday unanimously adopted the report of the Legislative Committee that the Police Commission and Chief of Police be requested to invoke the "move-on" ordinance suppressing the nuisance of street hawking. Fifth and Crocker streets by I. W. V. and other gangs of hoodlums. At the same time the petition of the Commerce Club of Polytechnic High School, brought to the City Hall by the class teacher, Prof. Locke, urging that street speaking be not abridged, was ordered filed.

Will Redraft Plans.

The Council yesterday adopted the report of the Board of Public Works on the proposed engine-house for the Western district, and of \$15,000 was set aside for the construction of this house, but when the bids were opened they far exceeded this figure. The plans will now be rearranged so as to reduce the cost and there will be a readjustment for bids.

Ornamental Street Lighting.

The City Council yesterday instructed the City Attorney to prepare the necessary ordinance providing for the assessment districts for the ornamental street lighting of Hill, Fourth, Main and Spring streets.

At the Courthouse.

HUSBAND SHOWS FAITH IN HER.

BECOMES RECONCILED TO WIFE BROTHER SUSPECTS.

She Alleged Later Had Forced Her to Deed Over Valuable Property to Him, and Comp. Sets It Aside—Husband's Faith Shown by Reconciliation.

A suit heard by Judge Craig, involving the good name of a young wife and the taking away by threats of a deed to 300 acres in Nebraska, which stood in her name, ended yesterday with victory perching on her banner.

The accused is J. Maack, brother of Mrs. Katherine Gasker, who, in the interest of the latter's two children, compelled her by threats, she alleged, to deed over the property worth \$20,000, in trust. The accusation, which stung and which she indignantly denied, was the coupling of her name with George McQuilling, a farm hand. Maack admitted that he had only suspicions, no proof.

He testified that his sister had left her husband in Nebraska, and he found McQuilling at the home she had

established in this city. Mrs. Gasker showed that McQuilling boarded there and that she had been partial to him because he had proved the only friend of the children. He followed her to this city and within two days after her arrival, they had become reconciled and are living together.

Judge Craig said he would give judgment for Mrs. Gasker, who had brought the suit to set aside the deed given her brother. Attorney Taft representing Maack, was inclined to question the court's ruling and was allowed five days to present authorities. Attorney Hahn was counsel for Mrs. Gasker.

FIGURES IN SUIT.

CLAIMS FAMOUS HIFLAME. The E. K. Model Wright airplane on which C. P. Rodgers crossed the continent is claimed by his sister, Mrs. M. M. Rodgers. She has a bill of sale for the plane, which she alleged in a complaint filed yesterday against Henry Newby, administrator of Rodgers' estate, that she has a bill of sale for the plane. Mrs. Pease states she bought the airplane before her brother started on his famous trip, and that it was her intention to present it to the Smithsonian Institute at Washington. She is unable to do so as the machine is now in the hands of the administrator as an asset of the estate. Newby, who is handling Rodgers' property, is president of the Pasadena National Automobile Club. Albert Collier and Clark represent Mrs. Pease.

SUIT FOR POSSESSION.

ISSUE INVOLVES RENEWAL. An interesting legal battle is being waged before Judge Monroe for the possession of a house at 123 South Hill street, occupied by the Mackey-Poley Company. The tenant holds possession under a covenant of renewal for a further term of five years. The landlord alleges the lease has expired and that the covenant is not binding.

The suit was brought by Laura Carlson, the owner, and the examination yesterday was directed to establish rental values in the business district. In this particular case the rental is three times more than it was five years ago.

MONEY IN LAND DEAL.

Thirty names in Washington State, worth \$15,000, are involved in a suit submitted in Judge Conroy's court yesterday brought by the Yakima Realty and Investment Company against the All Night and Day Bank. The company alleges it made a contract with T. A. DeBolt to sell the land and bonds of the company. A payment down was made and the company was to make a deed which it performed and the deed is alleged, called the deal off. The suit is to obtain the money in escrow.

WIFE IS DENIED.

The trial of H. G. Brownfield, a druggist, charged with having violated a city ordinance of Moravia in failing to number, keep in regular succession, and separately file, subject to inspection, prescriptions filled by him for the sale of liquor, will proceed before Recorder D. S. West. Judge Conroy yesterday denied a writ of prohibition asked for.

Brownfield was arrested May 25, last, and his trial is now being held at the City Hall. He was arraigned on the following day and demanded a jury trial. The case was set for trial on the 1st inst., but the jurors impaneled were challenged by Brownfield on the ground that the veniremen had not been served according to law.

Given a Remembrance.

"I don't remember anything about it," pleaded George D. Bennett when arraigned before Judge Rose yesterday.

Two Family Affairs.

R. Biero, No. 740 Ducommun street, and M. Biero, No. 848 San Fernando street, were before Judge Rose yesterday on complaints charging them with having beaten their wives. Both men pleaded guilty to intoxication and resumed their seats with a crestfallen expression when the court imposed a ten-day sentence. After the alteration with his wife, drove her and their daughter from the house.

Right Enriches City.

L. C. Toy, a Japanese arrested March 13 on a complaint charging him with being a fortune teller, was before Judge Rose yesterday. He was charged with \$200 cash bail in Police Judge Chamber's court yesterday. It was stated the man is in the city and was one of the first men arrested by members of the Metropolitan Squad in the crusade to clear the city of idle and dissolute Japanese.

Given a Remembrance.

"I don't remember anything about it," pleaded George D. Bennett when arraigned before Judge Rose yesterday.

MAKES TITLE GOOD.

COURT ENTERS JUDGMENT. Judgment entered by Judge Conroy yesterday finds that the Sixth District Agricultural Association is the owner and is entitled to the possession of the property known as Exposition Park. This information came up in the litigation which was begun several years ago.

The suit was instituted by the Park Improvement Company against Kaupers Cohn, C. E. DeCamp, William L. Wille, A. T. Currier, H. M. Dobbin, T. J. Jones, J. J. Reynolds and George Murdoch. Attorney Bowen filed a complaint in intervention on behalf of the Sixth District Agricultural Association. The result of the judgment is that all parties claiming an interest in the property are forever barred and there can be no further litigation, as to ownership.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS. WILL FILED. Mrs. Leontine A. Lowe of South Marengo avenue, Pasadena, who died at the home of her son, Leon P. Lowe, San Francisco, May 18, last, directs in her will, filed yesterday, that her eight children select a suitable memento from her personal belongings as a remembrance of her, bequeaths \$15 to each of her twenty-one grandchildren and gives the residue of her estate to Leon, in consideration of money he has advanced to her and other members of the family. The portion which accompanies the will values the estate at \$10,000. Mrs. Lowe was the widow of Fred T. C. Lowe, who built the Mt. Lowe Railway and promoted the Lowe gas companies.

SMITH FAMILY DAY. The Smith family had a day in the divorce court yesterday. Annie Smith was divorced from William Smith on a charge of cruelty. Matilda Smith won a decree from William A. Smith, and Mary Smith was freed from John D. Smith on the ground of desertion.

DAMAGE SUIT. Jacob Tutenhoof, administrator of the estate of

Christian P. Tutenhoof, who was killed by a fall while a passenger on the Coast safety razor coaster at Venice, April 7, last, brought suit against the company yesterday for \$25,000. Negligence is charged.

PLEADS GUILTY. George P. Green withdrew his plea of not guilty yesterday to having embezzled \$424 from the Examiner while treasurer and pleaded guilty. He made application for probation and Judge Willis set the hearing for Saturday.

INCORPORATIONS. Posnell Cafeteria's Company, Incorporated, Geo. W. Posnell, Robert E. Waugh, A. S. Harvey, John J. Judson, Emma M. Posnell; capital stock, \$50,000; subscribed, \$50. Angelus Building Investment Company, Incorporated, R. H. Mouser, P. J. MacDonald, J. A. Swank, Minor Moore, W. K. Letton; capital stock, \$1,000,000; subscribed, \$5. California Fruit and Grain Land Company, Incorporated, W. E. J. M. and L. R. Higman; capital stock, \$100,000; subscribed, \$50,000.

IN THE SUPERIOR COURTS.

Attorney Given No Opportunity to Argue Case and Told Why—Trotter Taken to Be Sentenced. "I find the defendants guilty," said Police Judge Frederickson yesterday as the last witness left the stand in the case against Leroy Trotter and George Seargeant, arrested by Detectives Browning and Ingram on a charge of having stolen a new auto from P. P. Wood, No. 2750 Kensington avenue.

"Don't let me get a chance to argue this case," asked Attorney Sturgeon, counsel for the defendants. Sturgeon modified his remark by saying that he preferred to have sentence postponed until today, which was agreed to by the court.

Sounds Like a Dialogue.

John and Fritz Holzer, brothers, caught angry glances at each other in Police Judge Rose's court yesterday. John was in the dock, his clothes covered with blood and bandages on his head. He was accused by Fritz, who stood before the bar of justice, of battery. His face showed signs of a personal encounter.

"We had a quarrel about \$50," said John. "He knocked my wife down," countered Fritz. "I demand a jury trial," said John. "I can't set your case until August 12," said the court. "I've got somebody to buy me out," said John. His bail was fixed at \$50.

Two Family Affairs.

R. Biero, No. 740 Ducommun street, and M. Biero, No. 848 San Fernando street, were before Judge Rose yesterday on complaints charging them with having beaten their wives. Both men pleaded guilty to intoxication and resumed their seats with a crestfallen expression when the court imposed a ten-day sentence. After the alteration with his wife, drove her and their daughter from the house.

Right Enriches City.

day on a charge of having caught a small boy around the neck and punched him in the face until one eye was closed.

"Were you drunk?" asked the court. "Gee! I must have been to have done that," replied Bennett. "Twenty-five dollars or twenty-five days," said the court.

He Does Find Time.

"Pat Norton was before Judge Rose on a charge of vagrancy and intoxication yesterday.

"He's been here fourteen times since February 14," testified Placidothman Burress.

"I'm just out after thirty days," added Norton.

"I don't see how you found time to get drunk," mused the court, as he imposed a suspended sentence of 150 days. Norton promised to never return to Los Angeles.

Friendly Falling Out.

Jessie R. de Long and Wilkie Tomich, who as they termed it, had a "friendly falling out" in which each was stabbed, their wounds being dressed at a nearby hospital at the same time, were arraigned before Judge Rose yesterday on complaints charging disturbance of the peace.

De Long was fined \$25 or twenty-five days, and Tomich \$15 or fifteen days. Detective McKenzie found Tomich in the Receiving Hospital and later located De Long in the operating room of the Crocker-street hospital.

He Is Bound Over.

A. Hall, charged by H. H. Knowlton, a guest of the Natick, of having stolen his suit case containing jewelry, diamonds and personal effects valued at \$500, was bound over to the Superior court under \$1000 bonds yesterday by Judge Williams.

Sells Chambers and Leons.

Max Lipshutz, convicted Monday in Police Judge Chambers' court of having obtained money under false pretenses, was fined \$10 or thirty days yesterday.

Benjamin Clothes

Two-Piece Suit Comfort for the Warmer Days

Here's real clothes comfort, together with smart style and good wear. Benjamin two-piece suits are tailored with the same care and skill as regular clothes.

To make light, summery two-pieces, correctly, calls for Benjamin skill, something few clothes makers possess. Here's your chance to be extremely comfy these hot days.

\$18 \$20 \$22 \$25

The Style Delight of Young Men

Really and truly, young men never had such a wealth of clothes styles to choose from as at offer. Benjamin style, grace, service and the price is within the reach of every young fellow within reach of this store.

\$21 Suit Special

Values to \$30, \$28, \$25. A special of some dozen weaves and colorings. Come in all sizes and many models. A line we should sell to \$30, but to make Benjamin Clothes-buying just that much more attractive we have priced them at \$21, and they are rare values.

MARK EVENTS OF DAY.

Henry Tries to Bulldoze Convention and Is Laughed Off the Platform—Hiram Johnson Is Close Second. Bradley Declares Kentucky "Will Never Sink so Low as to Take Moral Advice from Henry."

(BY A. P. DAY WIRE TO THE TIMES.)

CHICAGO, June 10.—At 10 minutes of 11, practically all of the delegates were on the floor. The sides were choked and there was much confusion. Above the roar of calls and yells the big band kept peering out more or less mournful tunes.

Victor Roosevelt began pounding for order at 11:01 p.m. Then Senator-at-large Stone called for his assistants to clear the aisles.

"Sit down; sit down!" cried the people in the gallery.

W. W. (Fudge) Hoffendinger of Minneapolis, the famous former Yale football guard, led the attack on the aisle crowds. He was acting as an assistant sergeant-at-arms.

The effort to secure order was interrupted by the appearance through a side door of a big transparency carried by the La Follette delegates from Wisconsin. A cheer swept the hall. Sharp and clear came the Wisconsin yell.

California's yell again punctuated the air, terminating with its "Eat 'em alive, eat 'em alive, Roosevelt, Roosevelt, Roosevelt."

LAST DESPERATE EFFORTS. Senator Dixon was busy making a last roundup of the Roosevelt forces. He was aided by Gov. Deane of Illinois and Hadley of Missouri.

The packed sides yielded slowly to the pressure and every now and then the sergeant-at-arms would advance and megaphone "Every one must get out of the aisles."

Then a series of shrill whistles rang through the hall and the delegations began to yell: "Teddy! Teddy!"

From the other side of the hall came a harsh, shrill yell of: "Oh, you Bill Taft!"

It was difficult to obtain even a semblance of order.

A reading clerk with a foghorn voice finally got attention at 12:15 p.m. and announced that a flashlight picture was about to be taken. Then came a tremendous "boom" as the flashlights exploded. The band broke into the "Star Spangled Banner" and a delegate shouted, amid cheers: "The opening gun."

Mrs. Alice Roosevelt Longworth and Congressman Longworth occupied advantageous seats right back of the west section of the press stands. It was some time before Mrs. Longworth was located by the crowd.

Kermit Roosevelt was the first of Col. Roosevelt's family to arrive at the hall. He came in with R. B. McCormick of Chicago, an Illinois Roosevelt leader.

Gov. Hadley of Missouri, the Roosevelt floor leader, took a position with the Illinois delegation, equally as commanding as that occupied by James F. Watson of Indiana, the Taft floor leader.

Gov. Deane of Illinois and Former Gov. Fort of New Jersey, Secretary Haywood, announced to the delegates that each side would be heard for twenty minutes. There was a brief consultation. Then Gov. Hadley began his argument.

The plan of Roosevelt leaders announced some time ago was being carried out apparently without regard to the action of the Roosevelt delegates last night, who voted to put in a resolution requesting 140 unopposed affirmative votes to carry any proposition.

Gov. Hadley briefly announced again his motion and the fact that Roosevelt had ruled that a point of order against the motion seemed to be well taken.

"Instead of following the illustrious example of our distinguished leader, William McKinley, when he presided in a convention and invited full debate and consideration of a point of order, the present chairman has asked only for a brief statement from each side," said Gov. Hadley. The mention of McKinley's name evoked no applause.

"I assert," he went on, "that the question is whether the National Committee of the Republican party has the absolute power to form a temporary roll for this convention, which can only be changed by a report from a committee of this convention, or whether this convention itself shall say who shall sit in it."

"If it is in the power of twenty-seven men to say who shall sit in this convention arbitrarily and without appeal, when he have reached the end of representative government in this country?"

A round of cheers greeted this attack. The delegates listened to Hadley with quiet attention.

"We know that one government in this country," he said, "Government by political party."

"If a political convention can be controlled by a group of men within the party, then have we established political oligarchy. Then have we given a few men control over party and convention?"

CITES LINCOLN CONVENTION. Gov. Hadley said he had ample precedent for the action he demanded.

"I offer you, Mr. Chairman," continued Hadley, "the precedent of the convention of 1864, which for the second time nominated Abraham Lincoln. I call to your attention the statement of Senator Hoar at that time, that a motion to amend the temporary roll was in order for consideration and to be passed upon."

Gov. Hadley of Missouri, the Roosevelt floor leader, took a position with the Illinois delegation, equally as commanding as that occupied by James F. Watson of Indiana, the Taft floor leader.

ROOSEWATER IS CALM. The convention was in an uproar but Roosevelt was not perturbed.

"Under the ruling I have already made, both of these motions are out of order," said Roosevelt in a voice that carried only a few feet. Hadley appealed for recognition. Roosevelt pounded his gavel and paid no attention.

"The only duty I now have to perform," he said, "is to protect the name of Elihu Root, a delegate from the State of New York, for temporary chairman. Are there any other nominations?"

Mr. Watson said Chairman Roosevelt's only other duty, in addition to presenting the name of Elihu Root was to ask for any other nominations that might be made. Then the convention could select its own chairman, according to custom.

CONFUSION ARRIVES. "If Gov. Hadley's motion should prevail where else was it?"

"Right," shouted a delegate. "You are licked," added another. "This convention," resumed Watson, "would be passing upon contests before it had been organized."

Gov. Hadley here tried to interrupt Watson. "Will the gentleman yield?" he shouted.

Watson either had heard him or did not wish to be interrupted. He was by for Hadley and there was much confusion.

"If Gov. Hadley's motion prevails it would not be necessary to have a Committee on Credentials," said Watson.

"We don't need one," shouted a delegate. "In the name of orderly procedure and in the name of precedents for forty years, Watson appealed to the convention to uphold Chairman Roosevelt when he should decide the motion of order."

Watson moved to lay the appeal of Gov. Hadley on the table. There was a hurried conference between Watson, Hadley and Gov. Fort. Mr. Watson evidently had made a premature appeal before his motion was in order. Chairman Roosevelt called for order and announced he would rule.

Watson rushed to the front of the platform and called out to George L. Record of New Jersey: "Tell the delegates to return to their seats who will talk to speak on this appeal," he said.

"He had no right to limit you to twenty minutes," returned Record. "Make your light on that."

"No, that's all right," returned Hadley. He turned to Chairman Roosevelt spoke.

RULES AGAINST HADLEY. Chairman Roosevelt could be heard but a short distance from the platform. His voice did not carry and cries of "louder" greeted him from every part of the hall.

Ruling on the point of order against Hadley's motion, he returned to his seat. "The chairman has had this question under advisement for several days and has concluded that he will not entertain a motion to amend the temporary roll until after the convention has adjourned."

The statement was a discussion of the precedents cited by Gov. Hadley and Gov. Fort. The conventions of 1864 and 1868 were reviewed in detail. The statement held that the convention should be organized and the proper time for the motion was after the temporary organization had been effected.

It is not within the province of this unorganized gathering to consider credentials and in fact no credentials are before it. The motion is therefore out of order," the statement concluded.

He may only recognize the motion. "I nominate Elihu Root for temporary chairman."

A storm of applause swept over the floor and galleries at the mention of Root's name.

Mr. Watson said Chairman Roosevelt's only other duty, in addition to presenting the name of Elihu Root was to ask for any other nominations that might be made. Then the convention could select its own chairman, according to custom.

Individuals I am here representing a free Republicanism, a Republicanism that is based on the principle of a majority of the people.

A tumult of cheering drowned out the conclusion of his speech.

JOHNSON PULLS TRICKS. Gov. Hiram Johnson of California, seconding McGovern's nomination, declared "California will cast twenty-five votes for Theodore Roosevelt."

"Heck and now I have notice to be half of the State of California that in this convention there will be twenty-six votes on every question that concerns that State."

"The gentleman who preceded me said this convention took no chances with Senator Root. I say that the convention and the great rank and file of the people take no chances with Gov. McGovern."

Gov. Johnson said Gov. McGovern should give up on a square basis. "And I want to serve notice right here and now," he added, "that we deny the right, the great Republican State of California, to select a man for us. We deny the right of a set of men to do this and we won't tolerate it."

Gov. Johnson was cheered as he climbed down from the platform.

William Flinn of Pennsylvania was quick to respond.

"I am instructed," he said, "by sixty-five votes out of seventy-six in the State of Pennsylvania to second the nomination of Gov. McGovern. Gentlemen, the Pennsylvania delegation is the result of a new political method."

This statement was greeted with jeers and laughter. Payne and Barnes of New York and the members of Indiana in a center aisle, leading the prolonged guffaw.

"My friends from New York have not experienced this new method," Flinn shouted. "These new methods are the rules of the people, direct primaries."

"Unless you get 540 elite votes in the convention for your candidate for temporary chairman, I doubt whether the constitution in Pennsylvania will support your action," Flinn said.

"Will you bolt?" demanded Flinn. "I don't want you to understand," returned Flinn, "that I am notifying the convention that I intend to bolt."

Flinn's supporters were shouting "EVERYBODY OUST HENRY."

Francis J. Henry of California made his way to the platform amid cheers from the Roosevelt delegates, led by California.

"The questions before you today are not limited to the selection of the individual who will preside over the convention," he said. "The question before you is whether a national convention shall undertake to prepare a roll of delegates which shall bind the members in the election of a temporary chairman."

"Don't you realize it is only the first step the proceedings which select delegates, sixty of whom I personally have no more right to vote than the men outside the door of this hall."

Taft delegates then began a continuous chant of "Root, Root, Root."

A President of the United States will have to be elected," said Henry. "By the twenty-two States that cast their electoral votes for Roosevelt, you will not select him by the Philippines, Porto Rico or Alaska."

"Thirty out of fifty-two members of the National Committee who prepared the temporary roll of this convention came from Democratic States which will not give a single electoral vote to a Republican nominee in November," said Henry.

"Tell us something more about 'Big Steve,'" shouted Mayor Hellman of Evanston, Ind.

"I'll refer you to Murray Crane," responded Henry.

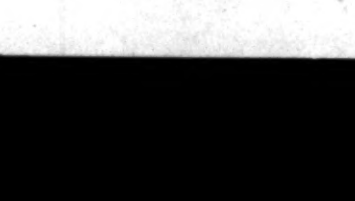

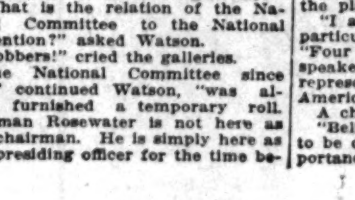

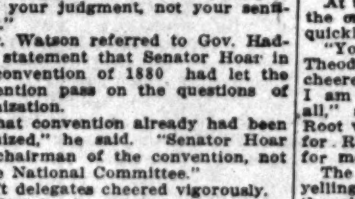

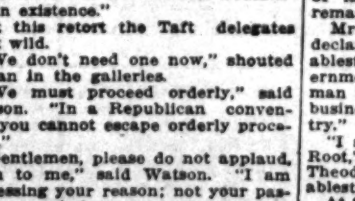

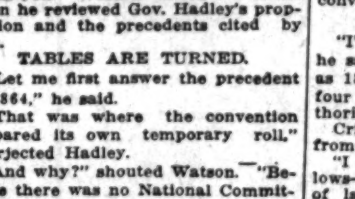

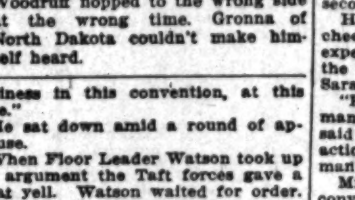

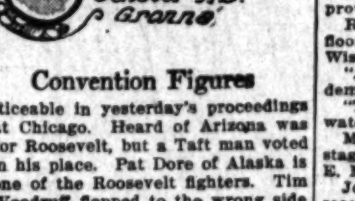

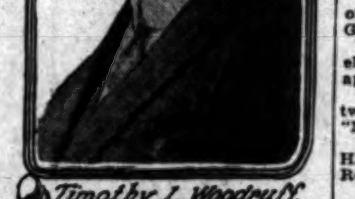

"WHY DON'T YOU QUIT?" "You've got all the advertisement there is in it," shouted Delegate Jerry Wood of Indiana. "Why don't you quit?"

"You might as well hear me out,"

"Big Steve, who differs from Abe Ruef of San Francisco only in that Abe Ruef was in the penitentiary last week."

Henry's speech was interrupted by a shout of "Abe Ruef was in the penitentiary last week."

Henry's speech was interrupted by a shout of "Abe Ruef was in the penitentiary last week."

three. Three of the ten Oregon votes

that were given to Root are bound by

primary instructions to Roosevelt.

If no other changes occurred—if the

rest of the tentative Taft strength re-

mained as shown in the temporary roll

prepared by the National Committee,

President Taft would be nominated

with not a vote to spare.

LINES CLOSELY DRAWN.

The lines are so closely drawn that

every leader's nerves are on edge.

For ten days the Taft managers have

been tightening their lines against

subtle Roosevelt attacks. For six

nerve-racking hours this afternoon

they sat on the Coliseum platform

listening to the most brilliant

quadrangular convention.

With pencils held by trembling

fingers, they checked off the names of

1978 prospective makers of a Presi-

dential candidate and related only

when the vote of the State of Wash-

ington, far down the list, carried the

outer works in the almost superhuman

conflict.

Hawaii supplied one of the sur-

BEGINNING OF DISASTROUS END

McKinley Comments on First
Day's Developments.

President Taft's Nomination
Is Now Made Positive.

Barnes Takes Rap at Third-
Term in Statement.

BY A. P. MORTIMER FOR THE TIMES

CHICAGO, June 11.—The Taft

bureau countered on the Roosevelt

men with two statements, one from

Director McKinley and the other from

William Barnes, Jr. McKinley's

pronouncement follows:

"The result of today's developments

is the absolute control of the National

Republican Convention. His candidate

for the position of temporary chair-

man, Senator Root, was elected to

that position by an ample majority,

the vote disclosing the weakness of

the Roosevelt faction.

"Mr. Roosevelt admitted his own

lack of strength by declining to place

before the convention a candidate for

temporary chairman. His managers

attempted a coalition with the can-

didate of Senator La Follette, but

that coalition was repudiated. They

attempted, however, to disguise their

defeat by a vote of the delegates

to accomplish the overthrow of Sen-

ator Root by a united opposition. Mr.

Root's splendid victory positively as-

serts the nomination of President

Taft.

"The full result of the Roosevelt

strength has now been ascertained.

Mr. Roosevelt still lacks seventy or

more votes of the necessary majority.

Every effort will be made to delay the

consideration of all questions in the

hope of making further inroads into

the column of Taft delegates. Their

methods will be made known to the

A Marvelous Money-Making Invention

Just as the Sewing Machine, the Typewriter, the Electric-light and other revolution-
ary inventions made fortunes for those who secured an interest in the beginning—
so the Rector System will return large profits to those who buy stock now.

The Rector SYSTEM gives perfect, ideal
heating, something we all have been waiting for,
hoping for and almost praying for since man
ceased to be a cave dweller and began to build
for himself homes.

The Rector SYSTEM burns ordinary gas
such as you now use to light your homes and for
cooking purposes in your gas ranges. Gas is
infinitely more convenient than coal, oil or any
other kind of fuel.

The Rector SYSTEM removes every ob-
jection heretofore connected with gas heating; the
odor, the unhealthy moisture and the expense.

The Rector SYSTEM perfectly solves the
heating problem for Southern California homes.
The Rector SYSTEM gives you
Exactly the amount of heat you want when you
want it.

Exactly the amount of heat desired in each in-
dividual room.

Even temperature under perfect automatic con-
trol which cannot vary over a degree through the
whole winter.

Absolutely no work or bother. Your entire
heating system operated by simply pushing a but-
ton as you now push a button to turn on your
electric lights.

Positively no dirt, dust or smell of burning
gas.

A Perfect ventilating system which contin-
uously exhausts all the air in the room and re-
places it with pure fresh air from outdoors.

A large saving in your fuel bills.

Judge for Yourself

Will you or anyone be satisfied with any other
heating system when you can obtain such won-
derful results with the Rector SYSTEM and
at less expense than you now pay?

You really see that the merits of this revolu-
tionary invention mean absolute monopoly in
the heating business. Not only is this logically
true, but facts prove it to be so. In less than
two weeks since the Rector SYSTEM has been
on display in Los Angeles we have received

orders for enough work to pay over 8 per cent
dividends on the entire capitalization of the
company. These orders came from bankers,
builders and the shrewdest and most careful
people on earth. When an invention appeals to such
people it means universal adoption by all people.

Just figure the enormous business to be done
in the city of Los Angeles alone. With new
homes being built at the rate of 6500 a year,
apartment houses at the rate of 250 a year and
office and business buildings running into many
millions of dollars each year and all of them
bound to adopt the Rector SYSTEM, are we
not justified in expecting to make fortunes for
our stockholders?

Just think what our Company can earn and
pay, supplying heating systems for all of these
buildings on a basis which nets us an average
profit of 100%.

Just as no housewife would get along without a
sewing machine, no business man without the type-
writer, and no apartment, hotel or office without the
electric light, so no one will put up with the present
unsatisfactory, bothersome, unhealthy way of heating
when they can get the Rector SYSTEM, which
gives perfect service and costs less.

The Singer Sewing Machine is paying \$1000.00 a
year for every \$100.00 invested.

The Typewriter has made over \$100,000,000.00 in
profits.

The Edison Electric Light increased to \$6000.00 in
one year for each \$100.00 share.

The Rector SYSTEM creates a monopoly in a
business which has an absolute necessity—heat—
something everybody must have. Can you estimate
the profits it will make for these who buy stock now?

Invention Makes Wealth

Thomas A. Edison says, "Inventions have made
the world rich." We all know this is true, and yet
there is an opportunity here that presents a
chance for the Rector SYSTEM. We have the
delay while shrewd investors investigate and secure
an interest in the beginning, thereby making them-
selves rich.

Hundreds of people in comfortable circumstances
throughout the country owe their financial indepen-
dence to wise investment in some good invention at
the start. The Rector SYSTEM offers one of these
rare opportunities which come along once in ten or
twenty years, and the man who has foresight and
judgment to take advantage of it immediately will
reap the benefits.

For the purpose of handling the business already
offered, the Company offers a limited amount of stock
at \$10.00 per share. Subscriptions will be
entirely in cash, which they are received.
There is no promotion stock and no stock has been
sold for less than the price at which you can buy it
now. A few months should see these shares selling
at \$15.00 or \$20.00, and prompt action is necessary to
secure stock at the present price.

We are right here in Los Angeles where you can
see the Rector SYSTEM in operation every business
day. Now we want you to come in and investigate for
yourself. If you cannot call, tear out and mail the
coupon. We will send you full information so that
you can use your own judgment after you know the
facts. In any event, do not fail to mail the coupon.
Do not allow a two cent stamp to stand between you
and your opportunity for financial independence.

THE LOS ANGELES VACUUM GAS HEATING
CO., 214 1/2 W. 2nd St., Los Angeles, Cal.

Gentlemen: Kindly send me information about
the Rector SYSTEM of heating with gas, and the
enormous profit possibilities from investment
with your Company. It is understood that this
request places me under no obligation.

Bulldozing Tactics Fail in Chicago Conflict.

FIGHT WILL BE RENEWED TODAY

Roosevelt People Say They Will Combat Every Inch.

Will Ask to Have Convention "Purged" of Opponents.

Marked Tense Characterizes Chicago Gathering.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, June 18.—(Special Telegrams.)—The Republican National Convention today put through the first program of its program by electing Senator Elihu Root of New York as temporary chairman.

In spite of the fact that Victor McGoVERN, chairman of the National Committee, constantly ruled out of order every motion made by the Roosevelt forces, it required more than five hours to reach the chairmanship, and every step was fought by the Roosevelt men with threats, charges and bitter invective.

The entire call of the roll was fought with difficulty but when the roll was called, Senator Root was elected to have won a vote of 518 to 403 for Gov. Francis P. McGoVERN of Wisconsin.

Tonight Taft and Roosevelt voters alike asserted that this vote indicates victory for their candidate. The advantage appears to be with the Roosevelt forces, for while he is elected to have won, it is believed that he will gain, if instructions are lived up to, a substantial majority of the vote.

Leaders who have been urging a compromise candidate are pointing to another angle, and declare it is very essential to name a "strong" man to save the day for the Republican party.

MORE FIGHTING TODAY.

While Mr. Root was made chairman today and managed to deliver his "keynote" speech, the fighting is to be renewed at 11 a. m. tomorrow when the motion of the Roosevelt leaders to substitute a new list of delegates for those named in some of the contested cases heard before the National Committee, is taken up as the unfinished business. No committee was named tonight and none will be until this motion to "purge" the convention of "fraudulent delegates" is disposed of. Tomorrow is expected to be a point of order, but the Roosevelt forces declare that parliamentary practice will not be permitted to stand in their way tomorrow.

The Roosevelt people and the Taft people arrived at their respective headquarters in advance of the morning session. The Roosevelt people say tonight they are going to fight every inch of the way.

There were cries of "bottlers" hurled at the Roosevelt delegates at times during the session, but the contention of a bolt again tonight seemed to be far distant.

California, under the leadership of William Johnson, early assumed a belligerent attitude when the two Roosevelt delegates from the Fourth District, unopposed by the National Committee, were not allowed to vote, but they confined their protest to eloquence. The Roosevelt forces for Root were the only ones to vote in that State when the vote cast for McGoVERN. Later, Pennsylvania made force protest against the vote of an alternate.

PROTEST OF STRUGGLE.

There is prospect, however, of another even more bitter struggle tomorrow, when the convention will be up to the point of order, and Gov. Hadley of Missouri to strike from the temporary roll of the National Committee the names of the Roosevelt delegates seated by the National Committee in contested delegation cases. Substituted those of the Roosevelt contestants. It was in this effort that the whole day was spent in struggle.

The chaos had hardly finished his invocation of the divine blessing upon the convention before Gov. Hadley was on his feet objecting to the personnel of the convention itself. This led to a long and intricate parliamentary argument.

Chairman Victor Roosevelt of the National Committee, upon whose shoulders the fate of the convention depended, called the roll of the delegates, and the Roosevelt delegates were seated by the National Committee in contested delegation cases. Substituted those of the Roosevelt contestants. It was in this effort that the whole day was spent in struggle.

These arguments were presented by Gov. Hadley and ex-Gov. Ford of New Jersey on the Roosevelt side, and by Representative George E. Payne of New York and ex-Representative James E. Watson of Indiana in behalf of the Taft people. After the arguments were finished, Chairman Roosevelt renewed his ruling that nothing was under consideration but the names of the delegates.

He pointed to the recommendation of Senator Root, and asked for further nominations. The Roosevelt side made no further opposition to this ruling, and the roll call was begun at 2:15 o'clock. The name of every individual delegate was called, and it consumed three hours, yet every step of the proceedings was heard with the keenest interest.

The Roosevelt men demanded the omission of the name of each of the delegates objected to on the ground that he had been improperly seated by the National Committee, but the roll call went on mercilessly, sometimes amid deafening confusion. The shifting of the vote made a dramatic scene as applause and cheers greeted one vote after another.

ROOT'S MARGIN APPEARS.

With Oregon's three for Root and six for McGoVERN, the net plurality for Root stood at thirty-six, but Pennsylvania's sixty-four for McGoVERN threw the balance the other way, and the advantage remained with McGoVERN until Tennessee was reached, when the Root advantage reappeared with a net plurality of ten, and from then on the margin in Root's favor increased. At 2:30 o'clock, amid cheering by the Taft followers, the total vote reached the necessary 540, and the Taft victory—at least in the matter of the temporary chairman—was assured.

And from the absence of the rough-house tactics which had been so elaborately prepared for by the Taft forces, there was a complete change in the atmosphere of the convention. The Roosevelt men, who had been so determined to guard against outbreaks of any kind, now found themselves in a position to guard against outbreaks of any kind.

At the time of the election of the temporary chairman, the Roosevelt men were so determined to guard against outbreaks of any kind, now found themselves in a position to guard against outbreaks of any kind.

PARTY ENTITLED TO VOTE OF CONFIDENCE SAYS ROOT.

Temporary Chairman in Chicago Convention Declares Republicans Stand for Constructive Policies—Alludes to Tariff, Currency, Railway Control, Conservation, the Panama Canal and Organic Limitations.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, June 18.—Mr. Root's keynote address follows: "The struggle for leadership in the Republican party is about to be determined by the selection of a candidate. The varying claims of opinion for recognition in the political arena of the party will find ready sale for its commercial paper; the people at large will exercise control instead of the little group of late bankers, and the dangers of panic will disappear. It is in the interest of every business man in the United States that the party controlling the government shall not be changed until this policy has been established into a permanent basis."

"Upon the recommendation of the President the powers of the Interstate Commerce Commission have been greatly enlarged and their control over railway service made more effective. Railroad rebates have been vigorously prosecuted and the imposition of large fines has ended the practice."

"The protection of the interests and combinations in violation of the Sherman Act has gone ahead with extraordinary vigor and effectiveness. The Sherman Act has been enforced with the greatest of care and the administration of the law has been a success. The Sherman Act has been enforced with the greatest of care and the administration of the law has been a success."

"The Sherman Act has been enforced with the greatest of care and the administration of the law has been a success. The Sherman Act has been enforced with the greatest of care and the administration of the law has been a success."

\$1000.00 for 50 Jingles in June

(We paid \$1000.00 for 50 Jingles in May)

\$1000.00 will be paid in June, 1912, for Post Toasties Jingles—\$20.00 to each of 50 persons who send in crisp, snappy jingles—most acceptable for a "Post Toasties" Jingle Book.

Names of Persons from whom Postum Cereal Co., Ltd., purchased Post Toasties Jingles in May will be mailed on receipt of stamped and addressed envelope.

We Paid \$20.00 for this original May Jingle.

(Given as example only)

Father is a busy man and has a hungry look,
Mother is a suffragette and has no time to cook,
Baby's hat is in the ring, he wants a little lunch,
So Brother sends around the house "Post Toasties" for the lunch.

Purchased from R. T. FRANKS,
6125 Mugrove St., Germantown Phila., Pa.

Root Tells Why

WARRIOR AM I" SAYS ROOSEVELT

Fighter Than Prophet, in His Only Comment.

Directs Battle by Telephone; Loses.

Conference Lasts Late Into the Night.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, June 18.—"I'm a better fighter than a prophet," said Col. Elihu Root when he was asked his opinion of the outcome of the convention.

Senator Bradley, who was all he would say tonight, directed the battle of the convention last night over a telephone. He was in a room in the hotel where he had a rooming place, and he was in a room in the hotel where he had a rooming place.

Family of Senator Joseph H. Dixon.

As Tyrone and Meyerfield, he shouted. Those names were put on the roll fraudulently. You will elect temporary chairman with the aid of such votes.

The protests of Gov. Johnson were unavailing. The roll call of California was counted, twenty-four for McGovern and two for Root.

Holding no admission tickets as delegates, E. H. Tyrone and Morris Meyerfield, Jr., of San Francisco, the two California delegates seated by the National Committee, stood back of the railing separating the delegates from the alternates, and answered from that location when their names were called. Neither answered in very distinct voice, and there was some difficulty in hearing them. As soon as they voted they left the hall.

When Colorado was reached and the clerk called "Guggenheim," there was a chorus of "Boo," which was repeated when "Big Steve" Stevenson cast his ballot for Root.

SOLID FOR ROOT. Connecticut's delegation of fourteen voted solidly for Root. Delaware cast six more for Root. Twelve more were added to the roll called by Florida.

Then came the much-disputed Georgia delegation. Walter S. Johnson, negro; George F. White, a white man; Lewis H. Carter, John M. Barnes, John P. Boon and Clark O'Griff, six delegates, voted for McGovern. Root secured twenty-two votes.

Idaho's eight votes were cast for McGovern. Minnesota's solid vote of twenty-four, led by Senator Clapp, was cast for McGovern. The announcement of the vote brought cheers.

While the roll was being called, the delegates of Pennsylvania had drawn up a resolution protesting against the election of Senator Root if he should have the announced majority on the roll as prepared by the National Committee.

The announcement of forty-nine for Root was greeted with applause. The Illinois delegates who voted for Root were:

Clark at large; Hapwell and Cook, Fifth District; McFarland, Sixth District; Upham, Ninth District; Brown and Snelley, Fifteenth District; Small, Eighteenth District; and Miller, Twenty-second District.

The Indiana delegation split, twenty voting for Root and ten for McGovern. The Indiana delegation split, twenty voting for Root and ten for McGovern.

Harry S. New, chairman of the Committee on Arrangements of the National Committee, former Vice-President Fairbanks and James E. Watson led the Root voters.

South Carolina's ten votes were cast for Root. South Carolina's 10 went to McGovern.

One vote out of Tennessee's 24 went to McGovern; the others to Root. The Texas vote of 40 was 31 for Root, 8 for McGovern and one not voted. Flinn protested but Root was elected.

C. E. Looser, the National Committee's only Utah delegate who voted for McGovern. The other 17 went to Root.

New Mexico gave McGovern 2, Root 6. New Jersey gave its twenty-eight votes to McGovern.

Elihu Root's name was the first called for New York. It was announced that he would not vote. The Roosevelt delegates cheered when Timothy L. Woodruff voted for McGovern. The final vote of 78 for

Root was announced.

In the yards of the E. K. Wood Lum-
ber Company's plant at Forty-seventh
and Alameda streets late Monday
night flamed into flame a fire that
Superintendent A. M. S. Pierce said
yesterday had probably been smoul-
dering for several days, possibly two
weeks.

In a few minutes the building was
enveloped in a dense cloud of suf-
focating, blinding pine smoke. The
flaming clouds of smoke that rolled
forth, firemen mounted the roof with
axes and hooks. The men quickly
tore most of the roof away. A
deluge of water was turned on the
smouldering mass. The water seemed
for a time to intensify the flames, for
the smoke grew more dense. Then
holes were cut in the sides of the
bin, and the flames were fought from
that angle.

After forty-five minutes of fighting
the flames were finally conquered, and
at 11 o'clock the fire was tapped out.
"Our actual loss is only about
\$500," said Superintendent Pierce
yesterday, "but for a while it looked
as though the entire plant was in
danger. The firemen showed skill
and daring in the manner in which
they fought the fire."

The bin was so constructed that the
firemen found the most effective way
to reach the fire was through the top
of the building. Despite the suf-
focating clouds of smoke that rolled
forth, firemen mounted the roof with
axes and hooks. The men quickly
tore most of the roof away. A
deluge of water was turned on the
smouldering mass. The water seemed
for a time to intensify the flames, for
the smoke grew more dense. Then
holes were cut in the sides of the
bin, and the flames were fought from
that angle.

After forty-five minutes of fighting
the flames were finally conquered, and
at 11 o'clock the fire was tapped out.
"Our actual loss is only about
\$500," said Superintendent Pierce
yesterday, "but for a while it looked
as though the entire plant was in
danger. The firemen showed skill
and daring in the manner in which
they fought the fire."

patterns—white, 25c, specially priced 2

FACTS, FEATURES AND FANCIES FOR WOMEN
OLIVE GRAY

DAILY BEAUTY HINT: In using creams for the face, be careful to "massage" them. To give the pores more than they can absorb readily, the cream is applied, it is taken up by the pores and acts as a "mouth" for the cream. If the cream is not absorbed, it is a waste of time and money. The cream should be applied in a thin layer, and should be rubbed in with the fingers. The cream should be applied in a thin layer, and should be rubbed in with the fingers. The cream should be applied in a thin layer, and should be rubbed in with the fingers.

With Your Hat.
 If you fear that to wear a hat of white with your suit of white will be too much white, you may select a chapeau of straw. This is a favorite straw of the season and it is a good white to wear with the white of your suit. The trimming may be varied, but it must be simple to be appropriate. A few excellent examples of these hats in one of the big stores.

Must Match.
 This season, the "sticks" or canes selected by the most fastidious men, are extremely plain and they must match or tone with the garments worn. For instance, if he wears a suit of gray, there is a stick of gray wood, in pretty finish, to correspond; or if his choice be brown or tan, he will select either a cane of light bamboo, or one in a dark brown finished wood. One of the most correct furnishings houses is showing suits and canes to correspond, in the season's range of colorings.

Fashion's Intimations.
 Bashes in embroidered silk or shot lace are worn more than ever. All are draped in corset fashion round the waist and finish in an enormous pannier or Japanese bow behind. The popular source effects have deep scalloped edges frilled with a delicate lace or a plating of tulle. A new appearing in some new lingerie models is the combination of white tulle with finger. The white tulle is employed as a foundation for lace or other decorative effects. Some of the new walking shoes are uppers of black and white striped velvet or cloth, and sometimes they are made to match the color of the dress worn, the black stripes, however, being always seen in combination with the color.

Cape collars and shawl collars of lace appear on new lingerie sole couple. These collars are shaped to round or round in a shapely fashion to the waist. In this way they do not enlarge the line of the figure when viewed from behind.

WELCOME GUESTS, ROYAL WELCOME.
LOCAL CLUB WOMEN GREET THE VISITING DELEGATES.

Train Bearing Two Hundred Who Will Attend Biennial Convention Arrives and Many Hurry on to Catalina—Some of the Distinguished Visitors—Auto Ride.

The New York special bearing 200 or more delegates to the biennial convention of the General Federation of Women's Clubs pulled into the Santa Fe Station at 1 o'clock yesterday afternoon.

The women from the Empire State were welcomed by a warm and enthusiastic committee of local club women, a large committee of whom were on hand to greet the visitors as the train rolled into the depot. There was only opportunity for a hall and a few words, however, as the majority of the delegates were booked through to Catalina, and left within the hour for San Pedro over the Salt Lake road.

Several of the leading federation officials halted here and a party of five well-known women are at the Alexandria. Among them is Mrs. William Todd Helmuth, wife of a celebrated physician of New York. She is one of the most prominent club women in the country, and is president of the Pioneer Workers, an organization made up of the women who worked in the federation previously in 1908.

Miss Florence Guernsey is also at the Alexandria. Miss Guernsey has been for years prominently identified with philanthropic work in New York. She is the daughter of the Dr. C. E. Guernsey, who was for many years president of the editor of the Medical Record. Miss Guernsey is one of the five trustees of the Federation endowment fund, which has reached a large figure, and strong efforts will be made at the coming biennial to raise the sum to the \$100,000 mark.

Mrs. Mary I. Wood of Portsmouth, N. H., is another guest at the Alexandria. She is superintendent of the information bureau of the General Federation. Mrs. Frank H. Hay, president of the New York State Federation of Women's Clubs, and Mrs. J. Hedges Crowell, for many years president of the General Federation, are also at the Alexandria.

Among other prominent women on the special are: Mrs. Philip Carpenter, a New York lawyer, who has received the endorsement of her State Federation for president of the General Federation; Mrs. John Louis Charles, Mrs. May Riley Smith, Mrs. D. S. Denison, a former president of the General Federation; Dr. Emily Manning Smith, Mrs. Franklin W. Hadley, Mrs. Thomas James Drummond, Mrs. Cornelius Zabracka, and Miss E. E. Zabracka. Mrs. H. B. Fisher, Mrs. Arthur H. Brown, State

INTENSITY IN REALTY.

That's What President of Board Predicts Before Advertising Club for Next Four Years.
 That the real estate market in this city will be exceptionally active and intense during the next four or five years was the prediction made before the Los Angeles Advertising Club yesterday at luncheon at Christopher's by James R. H. Wagner, first vice-president of the Realty Board, who made a strong talk on two important points.

The local situation, he said, is naturally attractive to gamblers, who are always found in large numbers whenever there is possibility of making big money quickly. The Realty Board, Wagner advised, is pledged to do everything within its power to block the way of all that seem to be illegitimate in the sale of real estate, and its officers are now consulting with attorneys on the subject of stopping the line of lottery exploitation in which every person draws a lot. They will endeavor to stop this, he said, by newspaper publicity, and will try to avoid getting into the courts. They will use drastic methods, and will endeavor to educate the public into an appreciation of the necessity for dealing always with reputable firms and not with sharpers. In Wagner's opinion the advertising men can help in this campaign by writing only the facts. The second part of Wagner's speech was devoted to the necessity for harmony in preparing advertising copy.

John H. Fox, commissioner-at-large for the Panama-California Exposition at San Diego, spoke briefly on the necessity for an expansive trade with South America. He showed that a vast territory there is in that continent, and how little the United States profits by it. Los Angeles and San Diego, he said, have brilliant opportunities to supply the South American countries with cotton goods and canned stuff. He thinks there is no reason why great cotton factories should not be established here, and why they could not supply the southern trade with goods at a higher figure than is brought in the United States, and at a lower rate than any other country can sell to the same end.

ESPEE DOUBLE TRACKS.
Heavy Grade Between Bakersfield and Mojave to Be Excised by Construction of New Line.
 The plan of the Southern Pacific for double-tracking its line between Bakersfield and Mojave was revealed yesterday by maps filed in Bakersfield in connection with condemnation suits begun by the Mojave and Bakersfield Railroad Company, to obtain right-of-way for the projected line.

The route indicated follows the present right-of-way of the Southern Pacific for about five miles this side of Tehachapi, when it bears quite sharply to the north, making a detour along Tweeder Creek that takes it more than three miles north of the present line and avoiding altogether the famous "steep" which was long supposed to be the only means by which the steep climb up and down the Tehachapi hill could be effected.

Incorporators of the Mojave and Bakersfield road are: Dan Calvin, W. R. Scott and William Hood, and the articles state that the road will connect at each end with the Southern Pacific main line. It is assumed that the company is a Southern Pacific subsidiary and that the proposed line is but a more practical plan of providing two tracks to widen the numerous tunnels and narrow ledges along the canyon sides that mark the main line up and down the Tehachapi hill.

The Southern Pacific and Santa Fe both use the former's tracks between Bakersfield and Mojave and the increasing business of the two roads has long made the necessity of additional tracks apparent. The new route is eighty-five miles between Bakersfield and Mojave, seventeen miles longer than the old one, but engineers say the grade is easier. It is also stated unofficially that the new track will be used by trains going up, while trains coming down will use the steeper route.

AVOIDS COMPLICATIONS.
Woman Unwilling to Swear to Complaint Against Lotion Seller—Attorney Prepared to Give Bail.
 No complaint was filed yesterday against Mrs. Crystal Bartee, No. 1713 Pleasanton avenue, arrested Monday night by Mrs. Aletha Gilbert of the probation office on suspicion of having obtained money under false pretenses in the sale of a lotion alleged to smooth out wrinkles.

One of the five alleged complainants against Mrs. Bartee appeared at the City Prosecutor's office about 4 o'clock yesterday afternoon for the purpose of swearing to a complaint. Mrs. Bartee's attorney was present to arrange for bail and secure her immediate release. When the complaint was handed to the woman to sign she hesitated and then refused, saying that she first wanted to consult her attorney.

"I want to be certain first that I'm not laying myself liable to any civil procedure for damages," Mrs. Bartee's attorney asked permission to furnish bonds, but was refused.

WOULD SAVE HIS FORTUNE.
Mexican Millionaire Revokes Power of Attorney at Long Beach Fearing Acts of Corruption.
 (BY DIRECT WIRE TO THE TIMES) LONG BEACH, June 18.—[Exclusive Dispatch.] Gen. Luis Terrazas, the Mexican millionaire, who with his household of forty, came to Long Beach some weeks ago as refugees from his native land, tonight instructed his attorneys, Schenck Swaffield and Munholland, to take the necessary court action to revoke the powers of attorney held by Louis Terrazas, Jr., C. J. Francisco Molinas, who are representing the Terrazas interests in Chihuahua. It is understood that this is done to prevent young Terrazas and Molinas from jeopardizing the Terrazas fortunes through any fear or coercion by the rebels.

Finest of Fishing at Tent City.
COUNCILMAN SEED.
 SANTA BARBARA, June 18.—[Exclusive Dispatch.] Caesar Lattinade, for many years Councilman and half brother of Dario Orestes and Arturo Orena, owners of much valuable property in Los Angeles and Santa Barbara, is made plaintiff today in divorce proceedings instituted by Rafael Abadie de Lattinade, who asks also for \$40,000 as her portion of the property. She avers that common law marriage relations have existed since 1871. Two children are attributed to him. A few months ago Lattinade married Lucia Ruiz, a Ventura telephone girl, as he never admitted his relationship with Mrs. Abadie.

Swimming to Be Made Regular Part of County School Curriculum.
 Says Superintendent Koppel. Superintendent Koppel announced yesterday that swimming is to be taught in all the county schools of Los Angeles just as soon as the aqueduct water shall be made available so the swimming pools will have an abundant supply of water. "Swimming will be a part of the curriculum," he continued. "I have long thought that swimming might as well be taught to the pupils as some other things that are now made a part of their work. It may not be generally known, but San extensive swimming pool was part of the gymnasium features incorporated in the Huntington Park Union High School. It was intended to have it a part of the school work there, just as much as other forms of athletics. Unfortunately a fire destroyed the main building, and it was necessary to erect a temporary structure. The site for the pool had already been prepared, excavated, and the pit was ready for the cement lining. This furnished the site for the temporary structure, and it is where the school is now held.

"Huntington Park High School is the only one in the county that meets in a former swimming pool, though, for the Venice High School is held in the old bath-house there. The need of swimming pool occurred to me when I saw the great pool in the church at Modesto, the most in San Joaquin Valley. The tank there is a large one, and from daylight until 10 o'clock at night it is crowded during the warm months. Regular hours are fixed and admitted times are set apart for children under a certain age, for unmarried women, for married women, for bachelors and boys and for married men. It is a great feature."

CLASS DAY EXERCISES.
 Students at St. Mary's Academy Present Attractive Program. Commencement Tomorrow.

An attractive programme incident to the observance of class day was given yesterday at St. Mary's Academy. Everyone of the thirteen members of the class participated in the entertainment, which was enjoyed by a large audience of friends and clergy.

The offerings of the class were both musical and literary, including readings by Rosita Mackusick, Ethel McDonald, Nellie Duggan, Dorothy Clarke, Romilda Castrucchio and Theresa Conway, consisting of sonnets arranged by Helen Proto, Rosita Mackusick and Anna Maenmann; "Shakespeare and His Chronology" by Clemence Oakley and Ethel McDonald; "The Gratitude of Don Pedro, a Story of Early California Life," by Romilda Castrucchio; "Livia, class of 1912," by Dorothy Clarke, and scenes from "Lady Macbeth," by Romilda Castrucchio. The musical selections were all rendered with finish and fine execution. The address and benediction of the Most Blessed Sacrament was given by Dr. Glas.

The commencement exercises will be held tomorrow afternoon at 2 o'clock. Dr. Glas will make the commencement address.

The Bridge Craze in France.
 (Cleveland Plain-Dealer.) A complete change is coming over French social life in consequence of the craze for auction bridge, which for some time past has been invading the upper classes of Paris, and has now reached a height which many regard as a crisis.

Many fashionable men and women now play five or six hours a day regularly, and in drawing-rooms, restaurants and cafes the game has taken the place of all other distractions. More than one member of society who lives at a little dinner out of Paris has an automobile arranged so that on the daily runs to town and back with friends, and the time which would otherwise be wasted by mere talk can be employed in auction bridge.

Critics see in this condition of affairs a grave menace to social life. Conventionalists declare, in danger of becoming a lost art, and French wit, once famous all the world over, is mourned as nearly dead.

Admiral Melville's Lesson.
 [Philadelphia Record.] An anecdote about the late Admiral Melville was told the other day at a Washington club. "Melville, one stormy morning at sea," said the narrator, "had occasion to rebuke a young officer for wearing slippers. 'But, sir,' the young officer remonstrated, 'the men have been so overworked in all this dirty weather one couldn't well ask them to wash slippers.'"

Glacier Point Trail Now Open.
 In the Yosemite Valley; camping is fine. In planning your vacation, decide on visiting this scenic spot. The trail is now open at No. 600 South Spring street, from 10 to 12 daily. Give information and plan trip. SOUTHERN PACIFIC.

Household Show
 June 17th - 29th Inclusive

Immediate success has been the result of the high character and strictly novel offerings of our Household Show. Throngs have come and crowded "The Table Ware House" since Monday morning.

A Complete Electrical Demonstration

Of everything needed to prepare a full meal at the table with elegance and ease. These are not complicated affairs but handsome practical and simple utensils, that will find favor in your eyes the moment that you see them.

Fireless Cooker Demonstration Daily

Fireless Cooker Menu for Today
 Roast Chicken, Baked Macaroni and Cheese—the chicken and macaroni will be taken out about 2:30 o'clock. In the forenoon after 10 we will bake corn bread while you wait.

Demonstration of Modern and New Utensils of Many Kinds

Moulds, knives and other kitchen tools will be shown and demonstrated in actual use, each designed with a view toward lessening kitchen work, at the same time turning out more satisfactory and more attractive dishes.

There is so much interest and merit at the Household Show that it is next to impossible to catalogue all the attractions here. We believe that you will agree with the many who have come that the Household Show is modern, instructive and deserving of the widespread interest and attention which it has attained.

playing with matches in the yard set
fire to dry grass. Winds carried the
flames beneath the house. Two
alarms were sent in, calling out all
three of the city's fire stations. The
damage will reach \$1500.

TELEPHONE RATES ADVANCED.

Santa Barbara Concern Boosts Its
Prices. Though It Enjoys a Prac-
tical Monopoly of the Business.

SANTA BARBARA, June 18.—The
Telephone Company today an-
nounced an advance in the rates for
residence phones from \$1.50 to \$2
for main line, and from \$1.25 to \$1.50
for two-party lines. The concern,
which was capitalized entirely by local
people, has been in the field nine
years, and now has practically a mono-
poly of the business, although the
Pacific company is making an en-
ergetic effort to get back its old-time
standing.

The Home serves 2800 patrons with-
in the city limits and 3400 within the
free-switch circuit; while it has long-
distance lines reaching to other por-
tions of the county, with other busi-
ness bringing its total number of sub-
scribers to about 5000. Persistent re-
ports that the Pacific company has
bought or will buy the Home plant
are being denied by the latter.

The officers of the Home com-
pany assert that there have been no
plans to acquire the Home, and that
depreciation must be taken care of.
They also say that the eight-hour law
for men and the Employers' Li-
ability Act have increased cost of op-
eration.

WANT FRANCHISE.

The advent of the Coalings Water
and Light Company in the Santa Bar-
bara county field was made known
when representatives appeared before
the Supervisors and asked for a fran-
chise to cover the Santa Maria, Santa
Ynez and Lompoc valleys, and hinted
that the corporation might also in-
vade the Edison stronghold in the
Santa Barbara district if there was
any encouragement.

CITY MARSHAL DIES.

City Marshal George S. Wilson died
at his home at 10:30 o'clock last
night, after an illness that dates back
to last February, when he was taken
with a severe cold and grip. Wilson
was undersheriff for ten years under
Theodore Lacy, former Democratic
Sheriff of this county, and a year ago
he was elected City Marshal of Santa
Ana. Wilson leaves a widow and ten
children. He was prominent in the
Odd Fellows and Moose lodges. The
funeral will be held tomorrow after-
noon.

WORKMAN FALLS DEAD.

Ontario Man Topples Over and Dies
as Result of Heart Failure Caused
by Indignation.

ONTARIO, June 18.—John Campbell,
an artisan in the employ of the Campbell
Construction Company, while em-
ployed on the finishing work of the
Peck & Thayer building here, yester-
day toppled over backwards and died
before a doctor could be summoned.

At the inquest held this morning be-
fore Coroner E. J. Fuller at Draper's
morgue, the jury brought in a verdict
of death from heart failure caused by
acute indignation. Campbell had been
a sufferer from stomach trouble, but
was in his usual health apparently
when he went to work yesterday
morning. He was formerly a resident
of Denver.

Campbell was 45 years of age. He leaves
two sons and two daughters. His son
Frank, who resides at No. 1160 East
Forty-seventh street, Los Angeles, is
here today making arrangements for
the funeral, which will be from
Draper's chapel on Thursday morn-
ing. The deceased was a member of
the Woodmen of the World and will
be buried with the rites of the order
at Bellevue Cemetery.

NEWS BRIEFS.

C. C. Graber, whose term of office
upon the Ontario Public Library
Board, expires June 30, was ap-
pointed to succeed himself by the City
Council at their regular meeting last
night. The appointment was made up-
on the recommendation of the Library
Board in a communication from the
secretary, Miss K. A. Monroe.

Harry Williams, an Ontario barber,
recently arrested on a felony charge
of not providing for his young son
was yesterday committed to Patton
for treatment for the drink habit.
While running a shop on South Lemon
avenue, this city Williams is said to
have consumed several gallons of
witch-hazel extract in order to satisfy
his craving for something intoxicating.
The hearing of the felony charge has
been postponed.

Every amusement at Coronado.

WILL BE SETTLED QUICKLY.

Mrs. Alice Taylor Grubb Is Given
Charge of Ventura Estate With
Bond of Sixty Thousand.

VENTURA, June 18.—The Nancy
Taylor estate is now in a fair way of
quick settlement. After a bitter con-
test, in which the children of the late
Mrs. Taylor won, there were steps for
a continuance, an appeal and prospect
of a long-drawn-out siege in the
courts. The several parties finally got
together and a compromise was ef-
fected by the payment on the part of
the children and their attorneys, Sul-
livan and Roach of San Francisco, of
the sum of \$15,000 to the other side.

Mrs. Alice Taylor Grubb, a daughter
who was left one-third of the estate,
applied for letters testamentary and
yesterday was granted such letters

Santa Ana.
GLENN MARTIN
OFF FOR BOSTON.

SANTA ANA AVIATOR WILL UN-
DERTAKE DARING FEATS.

Will Take Miss Blanche Stuart
Scott Along and the Two Will
Operate in Chicago After the Bean
City Meet Is Concluded—City
Marshal Wilson Dies.

SANTA ANA, June 18.—On Thurs-
day of this week Glenn L. Martin, the
Santa Ana aviator, will start for Bos-
ton, where he will enter the Fourth
of July aviation meet in that city.
Martin has sold the biplane in which
he made his flight to Avalon from
Newport Bay, and in which at various
times Martin traveled over 5000 miles,
and he will go East with two new
planes. The one that Martin will use
at Boston will be a headless machine.
Martin has been up in the air in this
machine a number of times in the
last week, and he is pleased with it.
The second machine is the speediest
biplane that Martin has built. He
will not use it until the 1500-mile cir-
cuit race is pulled off at Chicago in
August.

Martin will take Miss Blanche Stuart
Scott to the Boston meet. This
daring bird-woman is under contract
with Martin, and she was signed to
enter the meet with Martin by Mar-
tin's manager, Roy Knabenshue, who
has been in Boston for some time. He
graphed Martin last night that a
\$2500 guarantee for Martin and a
\$1500 guarantee for Miss Scott had
been placed in a bank at Boston.

CITY MARSHAL DIES.

City Marshal George S. Wilson died
at his home at 10:30 o'clock last
night, after an illness that dates back
to last February, when he was taken
with a severe cold and grip. Wilson
was undersheriff for ten years under
Theodore Lacy, former Democratic
Sheriff of this county, and a year ago
he was elected City Marshal of Santa
Ana. Wilson leaves a widow and ten
children. He was prominent in the
Odd Fellows and Moose lodges. The
funeral will be held tomorrow after-
noon.

NEWS BRIEFS.

The taking of testimony against
Rosario Sains, charged with shooting
down Jose Machado, a sheep-shear-
er, at Sunset Beach in Septem-
ber, 1909, was begun today. Former
Sheriff Lacy was the principal witness
today. He deposed that the camp was
located near the mouth of the San
Gabriel river, and that Sains, who was
brought back, and breaking
jail, again escaped to Mexico.

Marriage Notices: Emmet W.
Fowler, 55, of Santa Ana, and Sarah
Mitchell, 17, of Los Angeles; John J.
Fagan, 34, and Miss Mary L. Rie,
55, both of Cypress; Bert L. Ayers,

WORKMAN FALLS DEAD.

Ontario Man Topples Over and Dies
as Result of Heart Failure Caused
by Indignation.

ONTARIO, June 18.—John Campbell,
an artisan in the employ of the Campbell
Construction Company, while em-
ployed on the finishing work of the
Peck & Thayer building here, yester-
day toppled over backwards and died
before a doctor could be summoned.

At the inquest held this morning be-
fore Coroner E. J. Fuller at Draper's
morgue, the jury brought in a verdict
of death from heart failure caused by
acute indignation. Campbell had been
a sufferer from stomach trouble, but
was in his usual health apparently
when he went to work yesterday
morning. He was formerly a resident
of Denver.

Campbell was 45 years of age. He leaves
two sons and two daughters. His son
Frank, who resides at No. 1160 East
Forty-seventh street, Los Angeles, is
here today making arrangements for
the funeral, which will be from
Draper's chapel on Thursday morn-
ing. The deceased was a member of
the Woodmen of the World and will
be buried with the rites of the order
at Bellevue Cemetery.

NEWS BRIEFS.

C. C. Graber, whose term of office
upon the Ontario Public Library
Board, expires June 30, was ap-
pointed to succeed himself by the City
Council at their regular meeting last
night. The appointment was made up-
on the recommendation of the Library
Board in a communication from the
secretary, Miss K. A. Monroe.

Harry Williams, an Ontario barber,
recently arrested on a felony charge
of not providing for his young son
was yesterday committed to Patton
for treatment for the drink habit.
While running a shop on South Lemon
avenue, this city Williams is said to
have consumed several gallons of
witch-hazel extract in order to satisfy
his craving for something intoxicating.
The hearing of the felony charge has
been postponed.

Every amusement at Coronado.

WILL BE SETTLED QUICKLY.

Mrs. Alice Taylor Grubb Is Given
Charge of Ventura Estate With
Bond of Sixty Thousand.

VENTURA, June 18.—The Nancy
Taylor estate is now in a fair way of
quick settlement. After a bitter con-
test, in which the children of the late
Mrs. Taylor won, there were steps for
a continuance, an appeal and prospect
of a long-drawn-out siege in the
courts. The several parties finally got
together and a compromise was ef-
fected by the payment on the part of
the children and their attorneys, Sul-
livan and Roach of San Francisco, of
the sum of \$15,000 to the other side.

Mrs. Alice Taylor Grubb, a daughter
who was left one-third of the estate,
applied for letters testamentary and
yesterday was granted such letters

by the court. Her bond was fixed at
\$50,000. John A. Barry, A. C. Gates
and T. J. Donovan were named as ap-
praisers of the estate. The estate con-
sists largely of a ranch of 4000 acres
lying immediately west of this city.
The estate is in the neighborhood
of \$250,000. The three children will
not share this property—they are two
sons and one daughter. Out of the
estate will come, also, the pay of the
attorneys, Messrs. Sullivan and Roach
of San Francisco and W. E. Shepherd
of this city. It is stated the fee of the
San Francisco firm will be a large
one, just how much is not definitely
known. Rough estimates place this
fee at \$50,000, and others say it will
be no less than one-third of the value
of the estate.

NEWS BRIEFS.

C. H. Jones, a stranger here, and
who has been working in these parts
in the interests of the El Segundo
Township Company of Los Angeles,
died suddenly in his lodging-house
last evening. His death was a heart
attack. He was 45 years of age.

The Inyo County Passer Club
passed through this city yesterday in
automobiles bound for a trip up the
coast. In the party were: Peter B. Kyrle, Charles W. Belden,
Everett Stuart, T. L. Fassett, Leonard
Baker, W. J. Jenks, H. L. McCurry,
W. Gillette, Scott, Carl Westerfield,
Wilbur F. McClure, Frank M. New-
bert, Percy L. Walker, Walter G.
Mann, and others. The party was
conducted by the old mission by Father
Grogan.

Miss Elsie Tipton of Glendale and
W. A. Goodman of Northport have
been granted certificates to teach by
the County Board of Education.

Distributors of the state of the late
M. Horton has been ordered by the
Superior Court. After the payment
of the interest on the bonds, it was
ordered that the estate be paid to George P.
Horton, \$5911.12; Alfred Horton re-
ceives \$5911.91, and Harry Horton
receives \$5911.91.

The Walnut Ranch Company has
been incorporated in this county. The
capital is \$40,000 and the directors
are: Walter H. Duval, Edwin R.
Duval, Anna Duval and Jean B. Duval.
The company is engaged in the con-
duction on property near Saticoy.

Coronado for an ideal vacation.

MULHOLLAND EMPLOYED.

Los Angeles Engineer Will Inspect
the Water-Breaking Lands Owned by
Monrovia and Make Suggestions.

MONROVIA, June 18.—William
Mulholland, the builder of the Los
Angeles aqueduct, has agreed to in-
spect the canyon areas supposed to
be the source of the water supply for
utilizing that property to augment
the water supply of Monrovia, accord-
ing to the report of City Trustee M.
Russell Graves at the Council meet-
ing last night. The Water Com-
missioner has also reported that an ex-
amination of the machinery at the
end of the aqueduct, which has been
allowed to deteriorate to such a
degree that it is working at only
half its capacity. The Council
has instructed that the pump be
cleared of water and overhauled, with
a view to restoring it to normal ca-
pacity.

COMMITTEE REPORT.

Chairman F. A. Slick of the Police
and Fire Committee recommended
that instead of repairing the old jail,
the steel cage be removed to a room
back of the fire engine room in the
City Hall. Plans were outlined for
making the room secure and keeping
the fire engine room in the City Hall.
The committee was instructed to obtain
an estimate of the expense involved.

At the inquest held this morning be-
fore Coroner E. J. Fuller at Draper's
morgue, the jury brought in a verdict
of death from heart failure caused by
acute indignation. Campbell had been
a sufferer from stomach trouble, but
was in his usual health apparently

Partnership
In a Long-Established
Money Earning Business

That Is Why the 8 Per Cent. Preferred Stock of
the Gibraltar Investment and Home Building
Company Has Been Selling So Fast.

We are not asking your subscription to a speculation. The olive nurseries owned by
this company are the largest in the world. The demand for trees which we have
ready for planting this fall insures over 40 per cent on all the outstanding stock. We
own 1,500,000 growing olive trees and 350,000 orange trees, besides two hundred
thousand of other nursery stock and bearing orange groves. The sale of this
nursery stock will return this year immense profits. The 8 per cent preferred stock is
paid the first dividends, and shares equally with the common stock in the greater
earnings. The directors of the company have bought only common stock as they
feel certain of the greater dividends. Your co-operation is desired to realize these
profits from developing rich, fertile valleys and the selling of planted orchards in-
stead of the trees. The returns assured from the sale of olive and orange trees can
be easily verified. The purchaser of preferred stock is offered first profits from capital,
which has been invested in these growing trees, for from two to three years' time.
The combined nurseries owned by this company have been established for 20 years.
Further, we have by far the greatest stock of olive trees ready to meet the demand
of the booming olive industry for the planting of orchards. There is no surer invest-
ment in the United States today than that offered by the olive industry, combined
with established nurseries, and the rich valleys tributary to Los Angeles. Examine
the facts and satisfy yourself. Co-operation brings water to the land and big profits
to you.

Without expense, send me full particu-
lars. Name.....
Street.....
City..... T-6-19-12

For a short time we will receive sub-
scriptions to the preferred stock at par
value of 10 cents a share. Either in
cash or twenty monthly payments.

HIGHWAY PLANK DEMANDED.

Republican Convention in Chicago
Asked by Ocean-to-Ocean Associa-
tion to Expose Federal Aid.
[By Federal (Western) Line to The Times]
CHICAGO BUREAU OF THE
TIMES, June 18.—[Special Dispatch.]
Aid of the government for an ocean-
to-ocean highway was asked today by
the American delegation, which will
urge that such a plank be incor-
porated in the Republican platform.
Ralph H. Cameron, National Com-
mitteeman from Arizona, yesterday
received the following telegram from
Dell M. Potter, national organizer of
the Ocean-to-Ocean Highway Associa-
tion:

"It is absolutely necessary that a
definite plank be inserted in the Re-
publican platform. The Democrats
have agreed upon a definite plank
that the government pay half the cost
of construction of these roads, which
will be nations in character, the
States to pay half."

California Title
Guaranty Company
has qualified a safe, reliable and depend-
able title institution.

Because
they have been owners and managers of
regular, standard title companies that issued
certificates of title and handled accords:

In Sullivan, Illinois,
From 1874 to 1882.

In Clinton, Illinois,
From 1883 to 1885.

In Fresno, California,
From 1888 to 1892.

In Visal, California,
From 1892 to 1893.

In Bakersfield, California,
From 1893 to 1895.

In Fresno, California,
From 1895 to 1898.

In Los Angeles, California,
From 1898 to 1899.

(THE GOAL)
And have never caused a loss.

All title companies with which they have
been connected are in full active operation,
issuing reliable certificates of title.
